About NCVBDC:

The National Center for Vector Borne Diseases Control (NCVBDC) under Dte.GHS, MoHFW, GoI administers an umbrella programme, namely, National Vector Borne Diseases Control Programme (NVBDCP) for prevention and control of vector borne diseases namely Malaria, Japanese Encephalitis, Dengue, Chikungunya, Kala-azar and Lymphatic Filariasis. Out of them three diseases namely, Malaria, Lymphatic Filariasis and Kala-azar are targeted for elimination.

Under the Grant Cycle 7 (2024-27), of Global Fund to Fight AIDS, Tuberculosis and Malaria (GFATM) supported Intensified Malaria Elimination Project-3 (IMEP-3), selection of NGO-SR at National level for HR and SBCC activities is a budgeted activity for which PCI India has been selected as NGO-SR.

(i) The NPMU will be a team of technical experts in the areas of malaria control, training and capacity building, monitoring and evaluation, enhanced monitoring and smooth implementation of IHIP, SBCC, and information and technology, and finance.

(ii) Strengthening of IEC/BCC /SBCC activities, IEC/ SBCC campaign would play a vital role for community awareness, involvement & participation. The NGO SR will develop need-based State strategies & plans, with local innovations to reach all relevant groups through most appropriate channels, materials and tailored activities to address local needs in line with the local culture. Newer technology will be tapped into with extensive multimedia approach with specific messaging and interventions to reach out to target populations, including virtual platforms, to achieve malaria elimination and sustain thereafter. Innovative interventions, besides advocacy with all concerned stakeholders, would include developing mass campaigns to address different aspects of malaria prevention, control and elimination.

About PCI India:
